

P18 - PAR18 Small Lamp Remote Heads

The P18 series of remotes are constructed of high impact thermoplastic and feature an innovative rotary locking collar design that securely locks the lens and reflector assembly into place. The locking collar allows maintenance personnel to quickly and easily complete relamping. A mechanically adjustable swivel locks the head in position once adjusted. The matching canopy fits nearly all standard electrical junction boxes. The P18 series is supplied standard in a white color, black color is optional.

LAMP SELECTION: See page 127 for complete lamp selection.
NOTE: Sealed beam lamp type available only in LRP (Par36) style.

ORDERING INFORMATION

Series	Head #	Voltage/Wattage	Options
P18	1 (single head)	See Lamp Selection Guide	LC (less canopy)
	2 (double head)		B (black housing)
	3 (triple head)
